

# Micromounters Hall of Fame

## **Dr. L. C. Wills** “Old Timer” Inducted in 1990?

There is a mystery about Dr. Wills.

He was certainly elected to the Hall of Fame in 1989, and slated for induction in 1990, but there is no citation for him in the files, nor is there formal notice that he was inducted.

There is, however, a brief indication in some notes by Herb Corbett that Dr. Wills may have been inducted quietly in 1993.

His micromount collection seems to have disappeared, although there are a few mounts in circulation that bear his name.
